PLEASE READ THIS FIRST: A bunch of militant Vegans spammed us with their self-righteous hate. So don't even bother reading the reviews unless you enjoy propaganda. Apparently wanting to teach kids where food comes from gives angry Vegans the right to call us every name in the book. I get it, the meat industry isn't perfect, but there are also a lot of good farmers out there that treat animals with the respect they deserve.

For you Vegans out there: You can hate our book, but not if you haven't read it. Or at least don't review it. If you do, we will eat and film people eating bacon for every unverified review. Please watch the link below to know we are serious.

Before the army of hungry Vegans got here we had 31 Five Star Reviews and 2 four stars reviews. Below is a description of the book. And to all the Vegans out there, please try not to be so mean. Thank you.

A children's book about BACON!!! Melvin is a pig who wants to become bacon when he grows up. Some might think that's strange, but not Melvin. He understands what that means and he's eager to tell you why. Full of humor and vibrant illustrations, this book is sure to give young and old readers a laugh. This story is great for introducing where food comes from and it's also a fun reading experience. In the end, bacon makes everything better.
