Human Anatomy, 5th Edition Frederic H. Martini, Michael J. Timmons, Robert B. Tallitsch

This text provides a comprehensive introduction to human anatomy for undergraduate and pre-professional students majoring in biology or fulfilling prerequisites for nursing, allied health, or pre-med programs. Since its first edition Human Anatomy has been praised for its clarity of presentation, its outstanding visually-oriented illustration program, and its ability to help students understand anatomical structures. Past editions of Human Anatomy have won very prestigious awards, including the award for Textbook Excellence by the Text and Academic Authors Association and the award for Illustration Excellence by the Association of Medical Illustrators. Innovative pedagogical elements and a tightly-integrated supplements package make this new edition an excellent choice for all anatomy courses.
