ROBOTS + TERRORISTS = TROUBLE FOR TOM

Tom's been training his entry, SwiftBot, for the upcoming Robot Olympics -- a major event being sponsored by the White House's Office of Science and Technology. Teenage inventors from around the country will be bringing their homemade robots to compete in a series of athletic competitions. The Road Back, an antiscience terrorist group, has issued a statement condemning the event, and Tom hopes that the tight security at the Robot Olympics will keep TRB from causing trouble. But no such luck. Someone is playing dirty . . . and things are going to get dangerous.
