Trent Parke: Minutes to Midnight

Trent Parke: Minutes to Midnight

In 2003, Trent Parke began a road trip around his native Australia, a monumental journey that was to last two years and cover a distance of over 90.000 km. *Minutes to Midnight* is the ambitious photographic record of that adventure, in which Parke presents a proud but uneasy nation struggling to craft its identity from different cultures and traditions. *Minutes to Midnight* merges traditional documentary techniques and imagination to create a dark visual narrative portraying Australia with a mix of nostalgia, romanticism and brooding realism. This is not a record of the physical landscape but of an emotional one. It is a story of human anxiety and intensity which, although told from Australia, represents a universal human condition in the world today.
