**From Book 1:** Life is supposedly what you make of it, but that's crap as far as 3D artist, Becks Delgado is concerned. She never wanted her brother to die in a car accident... or to be the one who was behind the wheel. Her external scars are nothing compared to the raw wounds inside, and there are times when death seems to be the only way to find peace.

Sebastian Payne took the concept of a tattoo parlor and transformed it into a sophisticated gallery of living art. House Of Payne now caters to the rich and infamous, has garnered a worldwide following and is run by Payne with an iron fist. He knows Becks is exactly what House Of Payne needs, but there's a problem. The accident that changed her life left its mark on him as well, and whether he likes it or not, it's time for Payne to put his House in order.

\*\*This is the first book of the House Of Payne trilogy, but each book can be read as a standalone. Not intended for readers under the age of 18 due to adult language and sexual content\*\*
