These 3rd, 4th, or 5th grade math worksheets provide 30 weeks (4 days per week) of daily range, mean, median, and mode instruction and practice. This binder includes all reference sheets, formulas, templates, and answer keys needed to complete the problems. These range, mean, median, and mode worksheets can be used in either 3rd, 4th, or 5th grade classrooms. The footer of each page has star levels corresponding to specific problems on that page indicating the complexity of each question and specifying which grade level should complete those questions. One star being the easiest problems on the page, two stars are mid-level problems, and three stars are the most complex. Please click on the preview pages above to view the table of contents and a variety of sample pages from this book. Our educational products are being used in over 1,000 schools and 48 states.
