Do you have what you will need to survive when society breaks down and all hell breaks loose?

Are you ready to provide for your family when the power grid collapses and the store shelves are empty for days... weeks... or months?

This practical survival prepping guide reveals what you need to be storing right now so you will be ready when SHTF and times get desperate.

Inside you will discover...

- * How to make sure you have enough water to survive.
- * Little-known sources of water for washing and sanitation.
- * The number one skill you need to learn so you will never run out of food.
- * The one thing that will make you completely self sufficient in ANY post-apocalyptic scenario.
- * Why growing your own food may not be enough - and what to do about it.
- * A delicious natural food that stays fresh for months (even years) without refrigeration.
- * The long-lasting, high-energy homemade food that contains complete protein and is small enough to carry in your bug out bag.
- * How to jump start your prepping stockpile quickly and easily - in just one trip to the store!
- * The one thing you must store if you have children.

... and many more SHTF stockpile secrets to survive the collapse of society!
