The Great White Brotherhood: In the Culture, History and Religion of America Elizabeth Clare Prophet

Throughout the ages, there have been men and women in every race and religion that have mastered time and space, transcended the cycles of karma and rebirth, and returned to the Source of all life. By attaining the goal of life, the ascension, these souls have become Ascended Masters.

The Great White Brotherhood is the body of Ascended Masters guiding this system of worlds. Working with earnest seekers in every field of human endeavor, the Brotherhood is setting forth the progressive revelations of God for the Aquarian cycle and expanding the dimensions of consciousness in all who aspire to self-mastery.

Behind the culture, history, and religion of America lies the Spirit of the Great White Brotherhood; for by the unseen hand and the very specific guidance of the Ascended Masters, America was born, her independence was declared, her constitution was written. America is the land created as a repository of freedom that millions of souls might realize their potential to become one with God. It is the place where freedom of religion, freedom of speech, freedom of the press, and freedom to assemble provide the foundation for the individual pursuit of higher consciousness for all who live there.
