He would have to punish her as well. Treating her like a child, she was made to wear diapers and live as a baby. He wanted to embarrass her but things didn't work out in his favor. Instead, she started to like it and soon realized that he had introduced her to a new way of life.

His Little

Tara's husband recently started telecommuting for work. It wasn't his ideal situation. It was a huge cut in pay but it was either that or the unemployment line. Little Tara needed to work on her potty training skills to help save money on diapers but when she refuses, Kyle knows that she must be taught a lesson. These lessons vary depending on his mood but they often include enema's butt plugs, spankings and more. How far would he take little Tara's punishment after she left a puddle on the couch?
