**This book contains proven steps and strategies on how to become a master at communicating with your body.**

Communication does not only stand for the words you use to get your ideas to other people; body language is also part of communication. **Sadly, many ignore body language** despite the fact that everyone uses it on a daily basis and in every conversation.

If you have always wondered why people do not take your words seriously despite being impressive, chances are that your body language communicates contradicting messages. If you have been failing to make it in life because of poor communication, there is a possibility that your body language plays a role in sabotaging your efforts.

**People take food, water and shelter as the only necessities for life. However, there are other things that are just as important. One of these is communication.** Without it, we wouldn't know what to eat, where to find water or how to build a house.

Through years of evolution, we have improved in the way we use words. However, that should not be an excuse for neglecting the one thing that has helped humans survive since the beginning of time – body

language.

**Studies have showed that over 70% of our communication is non-verbal.** Another shocking fact is that everyone believes non-verbal communication more than the words being spoken.

**If you want to be successful in life, it is crucial that you understand how to use body language.** Since communication is an important part of everyday life, you will need to be good at it.

**Mainly, you will use body language to influence the people around you.** Take a job interview, for example. Usually, it is not the most qualified guy who gets the jobs. And it is also not the one who gives the best answers. Rather, it is the one who knows how to use body language to convince the interviewers that he can do the job better than anyone else.
