Demobilised officer, finding peace incredibly tedious would welcome diversion. Legitimate if possible; but crime, of a comparatively humorous description, no objection. Excitement essential.

Bulldog Drummond was the original daredevil adventurer who, with his various friends, made it their mission to fight all enemies of Britain in the uncertain years following the First World War. Fearless, resourceful and debonair, Drummond could easily have been the father of James Bond. In the first four novels of the series, Bulldog Drummond, The Black Gang, The Third Round, The Final Count, all of which are contained within this volume, Hugh Drummond finds himself pitting his wits against Carl Peterson, a criminal genius with an insatiable passion for power and world domination. He has the great facility of disguise and his chameleon appearances are one of the joys of these thrilling tales. Peterson's constant companion is the sinister but beautiful Irma.

The Drummond books are exciting page-turning adventures for grown up boys and girls.
