1966 -- a century after the Confederate States of America won the Civil War -- the Cold War rages.

The Soviets control the west coast. The British have The Colonies. The Confederacy is a powder keg in the middle.

A terrorist attack in dystopian Atlanta lights the fuse.

A Captain in the KKK grows disillusioned with his country. A widow who won't grieve grows disillusioned with herself. A slave working at a weapons factory reaches his limits. A British invasion of Black Panthers. A Russian spy hides in plain sight. A President cashes in his chips.

The Grasshopper Lies Heavy tells the story of an America on the brink- of war, of identity, of starting over.
