909 Days That Changed the World Robert J. Dunne

Jesus Christ walked this earth for about 33 years. Of them, only the last 909 days (two and a half years) were spent in public ministry. After his death and resurrection, his words, deeds, and actions were recorded in four different gospels for all to read. But many Christians, and maybe you, read one gospel at a time and don't quite understand how the four fit together. Regular church attendees may get to the point where they unconsciously tune out parts of the readings because they "know how this one ends." They hear the same bits and pieces about the life of Jesus Christ, but don't know the full chronological context in which these events take place. This book changes all that. 909 Days that Changed the World features short, thoughtful, easy-to-read chapters in the order of events as they likely happened and includes a chronological table with the four gospels cross-referenced.
