Fear and loathing in the post-capitalist age Rob Rimes

Like a shot of 100-proof bourbon, rob rimes returns with a new book in an effort to cure that early morning hangover. In this case, that hangover has been caused by the failing american political system. Rimes breaks down the fundamentals of capitalism, socialism, progressivism and every other "-ism" that is locked in constant battle for dominance in the american way of life. Pulling no punches "fear and loathing in the post-capitalist age" is a ballsy and crude follow up to rimes' first book "liberty burning". In this book, rimes explains his libertarian philosophy on economics, civility and a slew of other subjects. Leaving no stone unturned, this shot in the arm manifesto gives voice to the growing movement of young libertarians rising up in america to combat the failed and corrupt system left behind by the carelessness of preceding generations.
