## **Skeleton Key (Clay and Tanner Thomas series Book 2)** Jeff LaFerney

Clay Thomas and his son, Tanner, have mind powers. Tanner is a happy-go-lucky college athlete. Clay is struggling to find purpose and meaning in his life until he meets Erika Payne. When he learns that Erika's husband, Adrian, disappeared seven years before in a tragic train crash and that her son has struggled with personal problems ever since, he decides to use his abilities to help her. With the aid of his son, the small-town police chief, and the despicable ghost of Adrian Payne, Clay seeks to find answers that will bring closure and peace to Adrian's family. When Clay discovers the ghost's buried body, foul play is confirmed, but once the investigation begins, more questions arise than answers. Parapsychology, the supernatural, science, and human elements seem to clash as key characters become suspects, yet the ghost himself and the medical examiner don't seem to agree that there was a murder. While Adrian's horrible secrets are uncovered, so are the secrets of several suspects, all of whom believe in their own guilt. Lives are turned upside down as the father and son team expose the truth.
