Divorce isn't the end of love and it won't be the end of you!

This short, powerful 48-page workbook will save you thousands of dollars and years of heartache. It is specifically designed to be easy to use and will prepare you to deal with your divorce in the most loving and effective way.

Should I get divorced?

How do I deal with the pain?

How do I get what I really want financially?

How do I make sure my kids are ok?

How will we split custody of the children?

Will I ever get married again?

How will my children deal with new parents?

How will I deal with a jealous ex?

The book will guide you through all three stages of divorce – the decision to get divorced, the divorce itself, and life after the divorce. Whether you are thinking about getting divorced or have been divorced for many years you will find this book to be a helpful and valuable resource.

Divorce is too important to be decided by "everyone else" or the courts. Divorce is a negotiation. There are no black and white answers. Becoming clear on how you think and feel about important areas of your life is your key to making the right choices and successfully negotiating your divorce. This book will teach you how.

My divorce happened when I was thirty-five years old. My two sons were at the ages of four and five, and my wife was in love with another man. The thought of living without my two sons was so painful I could hardly breathe. In addition, I had built a successful and profitable business and was terrified of losing it all.

I'll share with you the experience I gained throughout my own divorce, and teach you the methods that have allowed my ex-wife and I to remain close personal friends, even after more than 22 years. You'll know how to deal with your pain and make choices that will better serve you now and in the future. You'll know how to get through your divorce without losing your money, your children, or your soul.
