Five book teacher's kit for Kindergarten Level. Material is as relevant today as ever. Could also be an excellent tool for those parents homeschooling their children. Mathematics in Action is built to answer the NCTM Standards, designed to give students the power to solve problems not by formula or rote, but by learning how to make math work in any situation they encounter. It is a success oriented program emphasizing thinking strategies for problem solving. Includes: **TEACHER'S EDITION:** Has all the tips, techniques and strategies to encourage children to explore, develop, test, discuss and apply math concepts. **TESTING PROGRAM:** Includes a comprehensive testing program. For each chapter there is a criterion referenced test. The tests may be used as a pretest, posttest, or for retesting. In addition there are Cumulative Tests and an End Year Test. Also contains Teacher's Manual, tests and answers. **TEACHER'S AIDS:** Includes a variety of standard worksheets that may be used with the concepts and skills presented in many of the lessons. **CRITICAL THINKING:** Provides activities that integrate mathematical concepts. Critical thinking ranging from the simple to the complex. **PROBLEM SOLVING:** Provides review and reinforcement of strategies, skills and applications. Special features ask students to make up similar problems or to extend what they have learned to a related or more difficult problem.
