Neve is able to return safely to her own time, but she can't forget the man she met or the fate that's about to befall him. Against her better judgment, Neve decides to go back and warn Hugo of impending danger, not realizing that she's walking into danger herself, for history is never straightforward, and people's motives not always what they appear to be. Taken hostage by the very man she was trying to save, Neve is trapped in the seventeenth century, her fate now intertwined with that of her captor, and the future something that neither one of them could have envisioned.
