Life With Extra Cheese: Being The Ham In The Sandwich Generation Heather Davis

The Sandwich Generation. With our life expectancy becoming longer, more people are finding themselves smack dab in the middle of raising their children and parenting their parents. Heather Davis is no different. With her mom's debilitating stroke one early March morning, Heather and her sister found themselves navigating the new road as caregivers. In Davis's signature silliness, she chronicles her mother's recovery and the merging of her past family and her present family under one roof. Her stories will not only have you holding your sides with laughter, but inviting your own parents to live with you. Or maybe not.
