**Vegetable Soup for the Soul: What Johnnie Faye Didn't Teach Me, I Don't Need to Know....** Terrell Glen Edwards

"Vegetable Soup for the Soul" In August, 1960, Johnnie Faye Edwards was a single, young, Black woman looking for destiny in life, but what she would find was that the world is not always a warm place, but hope lives on. "Vegetable Soup for the Soul" is a motivational self- help book which chronicles the life of Terrell G. Edwards by creating a soup of wisdom which was cooked up by his mother, Johnnie Faye Edwards. It is a hodgepodge pot of stew which encompasses his life of failures, successes, triumphant moments and sadness on his road to achieving success toward being the retired self- sufficient person his mother raised him to be. "Soul" will be a great tool for kids, parents, teachers, and those who seek the dreams that God has for you in the midst of a storm. "Vegetable Soup for the Soul" will make you laugh, cry, joyful in hope and bring you closer to God and his joy by cheering on an underdog in a world laced with short stories. You'll be able to look into the life of a single mother striving to make up for a short life of failures to recreate herself in a very unforgiving world. It comprises information on getting close to God, money, love, friends, goals, travel, and includes the most valuable item available for success, "the 37 Principles of Life".
