WEREWOLF ROMANCE

****A Fun, Standalone Werewolf Shifter Romance with No Cliffhanger****

On her way home from a night out, Tia finds she is alone, as four men attack her. She tries to fight back, but her attackers are much stronger than her and she knows she doesn't stand a chance. Then suddenly, she finds herself being saved by something, which she isn't even sure is real.

The next day, she convinces herself that she has gone mad. She has to be, as what she saw the night before makes no sense. Yet, she can't help but shake the feeling, that perhaps, what she saw was real.

Then as she falls asleep one night, she finds herself being awoken by a stranger in her room. Suddenly she finds herself in a world, which she thought had only existed in fairy-tales. She is pulled from her ordinary life and taken into a world filled with monsters. Then one day, when she finds out that the one who has taken her captive has put his life at risk, she has a choice to make.

Will she let him die and go back to the life she has always known or will she save him and leave the life she has always known behind her for good?
