## Handbook of Social Media Management: Value Chain and Business Models in Changing Media Markets (Media Business and Innovation)

Digitization and Web 2.0 have brought about continuous change from traditional media management to new strategic, operative and normative management options. Social media management is on the agenda of every media company, and requires a new set of specialized expertise on digital products and communication. At the same time, social media has become a vibrant field of research for media economists and media management researchers. In this handbook, international experts present a comprehensive account of the latest developments in social media research and management, consistently linking classical media management with social media. The articles discuss new theoretical approaches as well as empirical findings and applications, yielding an interesting overview of interdisciplinary and international approaches. The book's main sections address forms and content of social media; impact and users; management with social media; and a new value chain with social media. The book will serve as a valuable reference work for researchers, students and professionals working in media and public relations.

#### **Pamela Stanley:**

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's internal or real their interest. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word

says, ways to reach Chinese's country. Therefore , this Handbook of Social Media Management: Value Chain and Business Models in Changing Media Markets (Media Business and Innovation) can make you sense more interested to read.
