“The Mother Earth” is a story selected from a collection of seven children’s stories titled “SAVE ME Kids”. This story is about our mother earth in need of serious attention. Her forests and animals’ habitats are shrinking, and her water, soil and air are being polluted. Through this story, kids are inspired and encouraged to protect the Earth by protecting the environment, nature, forests, animals, and by respecting living beings’ rights in order to bring peace and humanity to the world. Because of the author’s background as a filmmaker and as an artist, this story is visually appealing to a child’s imagination. Reading this story is like watching animations or movies, satisfying a child’s imagination while provoking the child’s sense of curiosity and quest for fairness in the world at the same time.
