**A Cold Day in Hell (Hellcat Series Book 3) (Volume 3)** Mrs Sharon Hannaford

The City may be calm, but is the Hunter about to become the hunted? For the first time in months the City is peaceful, so peaceful that Gabi's suspension from the Societas Malus Venatori doesn't feel like a punishment. Her relationship with Julius is stronger than ever and Kyle has finally found his soul mate, even if he seems to need some convincing. Gabi thinks boredom is her most serious problem. She couldn't be more wrong. The visitor Julius has been both expecting and dreading arrives, bringing with him dire news. An old enemy, out to destroy them, has revealed to the Masters of the Vampire race that Gabi is a Dhampir. The visitor's presence also answers the question that's been simmering in Gabi's head for years; the truth of her origins. This truth brings with it a deeper understanding of the implications of her very existence, and she doesn't like what she discovers. But it's too late to change what's been done and Julius must now answer to the Princes' Court. As Gabi makes plans to leave the City, drawing danger away from friends and family, a dark prophesy by the Magi Oracles forces her to change course. She will not be leaving the City alone, and she will not be running from the threat. She, Julius and a handful of others will be heading straight into the mouth of the beast. They must present themselves at Court before the Princes travel to the City and inadvertently uncover one of the most closely guarded secrets of the Magi world. While the Princes wear a face of impartiality and civility, what boils beneath the surface is a storm of selfishness, greed, lust and perversion. Danger lurks in every corner and it soon becomes clear that someone is determined to ensure that Gabi will never get the chance of a fair hearing. Old friends and old enemies do what they have always done best, while new friends and new enemies emerge at every turn. Only one thing is sure; it'll be a cold day in Hell before Hellcat goes down without a fight. Put the coffee on and warm up your page-turning finger, it's going to be a long night.
