Infectious Diseases of the Nervous System, 1e

Infectious Diseases of the Nervous System, 1e

The primary purpose of this volume is to cover selected infections of the nervous system which are of considerable current interest, reflecting the many advances in investigations, understanding and treatment of nervous system infections. It will enable clinicians to keep abreast of recent findings and improve outcomes for many patients. The contributors provide a comprehensive discussion of each infection, including pathophysiology, clinical features, investigations, diagnosis and management.
