Emerson's Essay on Compensation Ralph Waldo Emerson

Ever since I was a boy, I have wished to write a discourse on Compensation: for it seemed to me when very young, that on this subject life was ahead of theology, and the people knew more than the preachers taught. The documents, too, from which the doctrine is to be drawn, charmed my fancy by their endless variety, and lay always before me, even in sleep; for they are the tools in our hands, the bread in our basket, the transactions of the street, the farm, and the dwelling-house, greetings, relations, debts and credits, the influence of character, the nature and endowment of all men. It seemed to me, also, that in it might be shown men a ray of divinity, the present action of the soul of this world, clean from all vestige of tradition, and so the heart of man might be bathed by an inundation of eternal love, conversing with that which he knows was always and always must be, because it really is now. It appeared, moreover, that if this doctrine could be stated in terms with any resemblance to those bright intuitions in which this truth is sometimes revealed to us, it would be a star in many dark hours and crooked passages in our journey that would not suffer us to lose our way. Ralph Waldo Emerson Life Transformation Publishing / www.lifetransformationpublishing.com selected this book to publish because it was recommended by Napoleon Hill who wrote Think and Grow Rich of which we have published also. Enjoy!
