Fixed Effects Regression Methods for Longitudinal Data Using SAS Paul Allison

Fixed Effects Regression Methods for Longitudinal Data Using SAS, written by Paul Allison, is an invaluable resource for all researchers interested in adding fixed effects regression methods to their tool kit of statistical techniques. First introduced by economists, fixed effects methods are gaining widespread use throughout the social sciences. Designed to eliminate major biases from regression models with multiple observations (usually longitudinal) for each subject (usually a person), fixed effects methods essentially offer control for all stable characteristics of the subjects, even characteristics that are difficult or impossible to measure. This straightforward and thorough text shows you how to estimate fixed effects models with several SAS procedures that are appropriate for different kinds of outcome variables. The theoretical background of each model is explained, and the models are then illustrated with detailed examples using real data. The book contains thorough discussions of the following uses of SAS procedures: PROC GLM for estimating fixed effects linear models for quantitative outcomes, PROC LOGISTIC for estimating fixed effects logistic regression models, PROC PHREG for estimating fixed effects Cox regression models for repeated event data, PROC GENMOD for estimating fixed effects Poisson regression models for count data, and PROC CALIS for estimating fixed effects structural equation models. To gain the most benefit from this book, readers should be familiar with multiple linear regression, have practical experience using multiple regression on real data, and be comfortable interpreting the output from a regression analysis. An understanding of logistic regression and Poisson regression is a plus. Some experience with SAS is helpful, but not required.

From reader reviews:

Louise Schmidt:

Often the book Fixed Effects Regression Methods for Longitudinal Data Using SAS will bring you to definitely the new experience of reading some sort of book. The author style to clarify the idea is very unique. Should you try to find new book to see, this book very acceptable to you. The book Fixed Effects Regression Methods for Longitudinal Data Using SAS is much recommended to you you just read. You can also get the e-book in the official web site, so you can quicker to read the book.

Terra Runyan:

In this era which is the greater man or who has ability to do something more are more treasured than other. Do you want to become considered one of it? It is just simple solution to have that. What you need to do is just spending your time almost no but quite enough to enjoy a look at some books. One of the books in the top listing in your reading list is definitely Fixed Effects Regression Methods for Longitudinal Data Using SAS. This book which can be qualified as The Hungry Mountains can get you closer in turning out to be precious person. By looking right up and review this book you can get many advantages.

Mary Kerr:

As we know that book is significant thing to add our understanding for everything. By a reserve we can know everything we would like. A book is a pair of written, printed, illustrated or maybe blank sheet. Every year was exactly added. This book Fixed Effects Regression Methods for Longitudinal Data Using SAS was filled with regards to science. Spend your free time to add your knowledge about your science competence. Some people has different feel when they reading the book. If you know how big good thing about a book, you can really feel enjoy to read a reserve. In the modern era like now, many ways to get book you wanted.

Steven Green:

Do you like reading a publication? Confuse to looking for your favorite book? Or your book had been rare? Why so many question for the book? But almost any people feel that they enjoy to get reading. Some people likes looking at, not only science book but novel and Fixed Effects Regression Methods for Longitudinal Data Using SAS or perhaps others sources were given information for you. After you know how the truly great a book, you feel wish to read more and more. Science reserve was created for teacher or maybe students especially. Those books are helping them to include their knowledge. In some other case, beside science guide, any other book likes Fixed Effects Regression Methods for Longitudinal Data Using SAS to make your spare time far more colorful. Many types of book like this.
