## **How To Help Parents And Kids Get Over The Fear Of Math** Saundra Carter

This book is a reference tool that describes time saving techniques, addresses areas of math that students find most difficult, and shares different ways of explaining problems that many students find challenging. Parents and students can relate to the problem areas presented in this book. Lessons are presented with real world examples to demonstrate how math is used in every day life.

Parents can use the math evaluation and answer key to determine their child's areas of strength and improvement in math in less than 30 minutes.
