Ted Haggard

The Tree of Life: An Introduction Ted Haggard

Ted Haggard's booklet, *The Tree of Life, An Introduction*, is a 16 page, 4,000 word Bible study on the Garden of Eden and the how the decision Adam and Eve had to make between Life and Knowledge of Good and Evil applies to every one of us every day. This booklet is excellent for small groups, Sunday school classes and a pastoral study guide. All human beings naturally live their lives making decisions based on a scale between what is evil and what is good, based on our own knowledge of it. Haggard argues in this booklet that this type of self evaluation and evaluation of others is deadly, and that the only way to find God's perfect life for us is to consume life himself, Jesus Christ, and live life in Christ rather than living according to the knowledge of good and evil. Excellent read!
