The Frank Lloyd Wright Field Guide series provides the first comprehensive visitor's guide to all of Wright's buildings in the US and overseas. Each guide is written and compiled by an acknowledged expert on Frank Lloyd Wright, Thomas A Heinz. With his highly readable and informative style, Heinz presents each building page by page, providing brief histories and background details, information on accessibility and viewing, and directions from Interstate routes. Every entry is accompanied by a photograph and location map produced by the author. There are four books in the Field Guide series: Upper Great Lakes, MetroChicago, West and East. Each guide is arranged geographically, beginning in the northwest and ending in the southeast of the region covered. Full alphabetical and geographical lists enable buildings to be easily accessed either by location or name.
