The Human Brain: Essentials of Behavioral Neuroscience Jackson T. Beatty

This book is a conceptually driven and accessible introduction to behavioral neuroscience. Focused, concise and coherent, it reflects integrative trends in the field while making human neuroscience accessible to a wider student audience. Conceptually driven and concise. The field of biological psychology and behavioral neuroscience has grown exponentially in the past decade, and most textbooks have responded by becoming bloated tomes that drown students in unnecessary factoids. Beatty provides just the essentials necessary in a text that is focused, concise, and coherent. A contemporary integrative approach with an emphasis on behavior. Some books in this market focus more on biological mechanisms at the expense of how the biology t
