El lector encontrará en este libro una descripción breve y muy particular, acerca de la posición zodiacal de los más importantes factores astrales en su carta natal. Me refiero a la ubicación por signo y por casas, de las luminarias (Sol y Luna), planetas y otros focos energéticos de su carta astral natal; así como el significado de los signos y decanatos que ocupan cada una de las cúspides de las doce casas o sectores en los cuales está dividida la carta astral de cada quién.
