Perfect Fit - Crochet Socks: It's all in the measuring. Sandy Marie

I love socks! Whenever I crochet a sweater, or other wearable item, I always make sure I have enough yarn to make a pair of crochet socks that match the item I've made. Its just fun! Over the 40+ years I've been crocheting I've developed a method that makes them fit perfectly, every time! It's all in the measuring.

Face it - we don't all have perfect feet. Some of us have one foot that is a different size, one ankle that swells, or perhaps an accident, injury, defect or disease has left one or both feet misshapen. Even diabetes (requires no tight elastic in socks) can change the socks you wear. Buying shoes and socks for these types of conditions can be difficult and / or very expensive. However, with hook in hand, you can solve the problem all by yourself.

This is not a standard 'Row by Row' pattern. As you learn the technique of measuring you can let your imagine run wild and make some darling socks, with fun stitch patterns, that will fit you perfectly every time. This pattern booklet will give you 2 styles to start with; The Boot Top Sock, and The Crew Sock.

As of October 2013, this pattern as been revised to add a Short Version at the end.
