Colder, Darker, Harder Tommy Smith

Onetime aspiring guitarist/writer super-couple Sid and Molly are getting a little too long in the tooth to be starving artists. They find a wild young woman passed out on their steps. She's relieved to have found them in time. They don't know it. But they're in grave danger. And she's just the one to pull them out of the burning building. There's no ticking time bomb, complicated murder plot, or, god forbid, leaky water heater. But there is something ominous on the horizon. And Sid and Molly are going to be rescued whether they like it or not.
